Ball Teams Are Given Trophies

BASEBALL TROPHIES ARE GIVEN S. O. TEAMS

Wednesday noon at the Standard Oil works was an event that will long be remembered by the thousands of employees, as work in the plant was suspended for about two hours, and the time was devoted to a band concert, speech making and the presentation of trophies to the Standard Oil baseball teams winning the games during the recent season.

General Manager Joseph F. Brooks was master of ceremonies, and he was in his happiest mood. When the one o'clock whistle blew and the men started to return to work, he smilingly told them to "forget work for a time."

Three silver trophies were presented. The big cup offered by the company went to ball team from the boiler shop. The second cup, donated by Dr. W. E. Dukes, went into the possession of the barrel house team, and the third cup, the gift of R. W. Hanna, went to the Richmond team for winning the series with the boys from El Segundo.

Next year the Standard Oil team of this city will go to El Segundo to play a series of games, and defend their title to the cup received this year.

The cups were presented by Mr. Brooks, and acceptance speeches were made by the managers of the different teams.

During the time of the festivities the company band gave a concert at which the following program was rendered:

March—Aida, Verdi.
Overture—Morning, Noon and Night, Suppe.
Selection—Fire Fly, Jonel.
Vocal Selections—Honolulu Eyes, I'm in Heaven—Leo. Peist Pub. Company.
Overture—Yeiva, Refige.
Waltz—Sunnyland, Rosne.
Petrol—Spirit of America, Zemonick.
Star Spangled Banner.

HEAD RING OF THIEVES ARRESTED BY POLICE

SAN FRANCISCO, Sept. 9.—With the arrest of three men today, what is believed to be a gigantic shoplifting ring, has been broken up.

Local shops have lost thousands of dollars in the past month by the operations of the ring.

The men arrested are Rocco Bernardini, said to be ring leader, Johnny Gilman and J. Corness, a jeweler.

Other arrests will follow today, it is expected. Harry Lubbock, of the Lubbock Detective agency, who took the men into custody, says that Bernardini has confessed.

According to Lubbock, taxi-drivers acted as fences for the stolen merchandise.

Silk underwear, stockings, coats, dresses, jewelry, toilet sets, even hats, were dealt in.

Articles were stolen to order, Lubbock declares. A woman would see a dress or hat she liked, tell a taxi-driver about it, and the next day she would have it.

The goods were peddled in big local hotels.

According to Lubbock, Bernardini was arrested after he had handed a \$50 toilet set over to a chauffeur at the Palace Hotel.

The City of Paris, Emporium and other leading shops are named by Lubbock as stores in which Bernardini operated with two

other workers, the detective says. One waited outside the store, and one was with him to distract the attention of clerks and take the stolen goods.

Bernardini said he is employed at the National Ice Cream Co. as an engineer.

Mr. and Mrs. J. J. Daley, recent comers to Richmond, have sold their home place in Martinez and will invest here.

WITNESSES SUMMONED MOTOR BUS HEARING

Today at the offices of the railroad commission in the Flood Building in San Francisco before Examiner Hugh Gordon, the hearing of testimony in the application of the Western Motors Transport company for permission to operate its

buses from Fourth and Mission to Oakland, will be resumed.

A large number of witnesses have been summoned by both sides in the controversy, and it is likely that the taking of testimony will consume several days.

The last witness on the stand at the city hall in this city the other day was general superintendent

Harris, and his contention was that the ten minute service of the street car company fulfilled every need of the community.

When the case comes on for trial, it is expected that the taking of testimony will consume several days.

The last witness on the stand at the city hall in this city the other day was general superintendent

Harris, and his contention was that the ten minute service of the street car company fulfilled every need of the community.

County Division Grows

Growing sentiment in favor of Contra Costa presents a condition different from any other county of the City and County of Richmond. Distance is the essence of the project occasioned considerable discussion throughout Richmond and at various gatherings yesterday. San Francisco, Oakland and Berkeley are actively interested in the movement. Oakland, Berkeley and Alameda are seeking to consolidate for production of kindred projects and making a greater Oakland. At the door to Oakland and of prominence in bay shipping circles, Richmond is bay shipping circles, Richmond is bay shipping circles.

PELLETS OF PEP.

Either keep your temper or be able to whip the other fellow. The finest of furniture looks bum on a moving van.

Even a mince pie is one-half of one per cent now.

Most everything we get has been kicked over by somebody else.

Our wives are good auditors and frequently check us up.

When we go out, we have a good time few of us have it.

If you leave something on your plate it will be better for stomach and cat.

Everybody frequently says something is an outrage.

Don't be a photograph and reel off the same old record every day.

The chap who "didn't sleep a wink" also didn't hear the fire whistle blow.

Ladies, why not go barefooted as well as bare-breasted?

The man willing to begin at the bottom is the one who reaches the top.

No real good, useful man can become a successful politician.

OFFICIALS TO INSPECT SITES FOR NAVAL BASE

A joint committee of the Naval Affairs committees of the Senate and House of Representatives will visit the coast in November for a comprehensive study of sites available for the naval base to be established here.

Final determination of the proposed site will depend upon the report of this committee. One of the chief factors will be the selection of a place for construction of a dry dock large enough to accommodate the largest vessels which the navy may build.

The matter is of much importance to the nation, that the decision of the committee, regardless of which side of the bay is favored should be given undivided support for the speedy completion of the project.

SECRETARIES DAY AT STATE FAIR

Saturday will be secretaries day at the State Fair, and Secretary J. W. Wallace of the local chamber of commerce, and his assistant, Mrs. Marie L. Ogborn, will make the trip to the capital city and take part in the program of the day.

The day will start out with a luncheon at the Horseshoe Tent, after which the program that has been prepared will be taken up and gone through.

Secretaries of civic bodies from all parts of the state will be present on that day.

August Births Nearly Double Of a Year Ago

The number of births for last month was nearly double for the same month of the year 1919. There were fifteen males and sixteen females, while for 1919 in the month of August there were but eighteen births.

Following is the list of births as furnished by city health commissioner C. R. Blake:

August 16, to the wife of C. Bevine, son.

August 8, J. Black, daughter.

August 24, A. Brooks, daughter.

August 24, R. Casey, son.

August 8, L. Cole, daughter.

August 9, W. Cook, daughter.

August 3, J. Deeming, daughter.

August 17, P. Diechler, son.

July 29, W. Flynn, daughter.

August 9, C. Groshell, daughter.

August 1, W. Healey, daughter.

August 21, C. Herbat, daughter.

August 18, T. Holmes, son.

August 14, O. Keller, daughter.

August 15, R. Kennedy, son.

OFFICIAL PAPER CITY OF RICHMOND

THINKOGRAPHS by F. J. HULANISKI

MEXICO DENSELY IGNORANT

The main trouble with Mexico, and the same may be as truthfully said of many European countries, is ignorance. The people as a whole are unlearned, uneducated, untraveled, provincial narrow-minded and not very far above dumb, driven cattle in the way of general knowledge of world affairs, past, present or future. They have the natural instinct of the animal, are full of materialism and totally lacking in idealism. Also, they are lazy. One American will do as much work in a day as six Mexicans. If they have tortillas, tamales, a shack for shelter and plenty of cigarettes, they do not care who is president or ruler, or what particular "general" starts a revolution for loot and plunder and proclaims himself a Diaz successor.

Wherever you go in this world it is true that the more ignorance there is prevailing there also is the most evil, and of many kinds. The more ignorance the more superstition; the more ignorance the more bigotry and intolerance, and Mexico is as full of ignorance as any country of Asia.

They have dozens of so-called leaders and "generals," but there is no loyalty to any of them, and whichever wins out in his marauding career is the one in favor for the time being, and until some other gains a similar advantage by similar tactics. The "general" down in that hairless dog country who promises the most gets the support of the people, and in that particular respect we of the United States are not much better, although not having ignorance as an excuse to near the extent which Mexico has. Four years ago Wilson promised us more than Hughes did, so we elected him. And this year we will elect Cox or Harding according to which promises us the most. Mexico needs a whole lot of education, and we need quite a little ourselves, also.

EQUALITY A MISNOMER

We are all very strong, in America, in the assertion that all men are free and equal, but if it is shattered down to the real facts, there is little in it. We are free and equal under the law, to more extent than in other countries, at least, but that is as far as it goes.

There is no such thing as social equality, here or elsewhere—never has been and never will be, for the simple reason that oil and water will not mix; neither will ignorance and knowledge, refinement and uncouthness, animal and spiritual, and only to a limited extent will materialism amalgamate with idealism.

The French tried it after their revolution of 1789, but it lasted but a short time, although royalty and titles were abolished. There is an aristocracy of mind which will not mix with materialism, and all claims to the contrary are fallacious. Our democracy started with the declaration that all men are born free and equal, but that very declaration was written by a slave-owner, and never was intended to mean that all men remained free and equal, very long after they were born.

We men and women of the United States generally occupy the position we deserve by our abilities and efforts, and no higher or no lower, and that does not necessarily mean social equality by any means. Cream always rises to the top, and so does brains and human energies. Such has ever been in the world's history, and such ever will be.

The toothless shoe's the latest thing

That England calls a boon;

We'll just keep wearing these we have

And they'll be toothless soon.

The man who laughs at danger has a poor sense of humor.

Some of these pale looking watermelons make a fellow meloncholic.

The orchestra at a cafe is to drown the wails of the patrons over the size of the bills.

The only merit we can see in the MacSwiney example is that it saves grocery and meat market bills.

Modern Elijahs in chariots of fire need a lot of gas and an extra tire.

Swift's premium ham is so called because the consumer invariably pays the premium.

Any creed which does not include kindness and tolerance is a very bum creed.

One little school boy says there are three varieties of flowers—wild, tame and cologne.

Great Britain is not always great. On occasion it is most deucedly small.

In the witness of Tammany and the dryness of Bryan we at last encounter that old query of the meeting of an irresistible force with an immovable body, each astride the Democratic donkey. Maybe both will get bucked off.

It is an old saying that if your ears are red, somebody is talking about you. And since the drouth, it applies to the nose, too.

The Bolshevik soldiers are finding out that the march is just as long, the rations just as poor, the guns just as heavy and the dead just as dead.

Strange no Ponzi savior ever comes along to make we newspaper fellows rich. Maybe they know we would all drop dead of shock.

Turkey is getting self-determination with a swift kick about three feet below the turban thrown in for good measure.

Organized capitalism of today is bad, perhaps even as bad as Bolshevism paints it, but Bolshevism is not the remedy or panacea sought. That would be a case of the medicine being worse than the disease.

Why try to kid ourselves or the people? Speaking of those slush funds, as the dispatches now are, we all know that every campaign committee, of whatsoever party, will get all they can and holler for more.

**ADMISSION DAY IN RICHMOND
LIKE A DESERTED VILLAGE**

It is mighty hard to rustle news for a paper when there is little or none to rustle, and a holiday is a hard proposition for any scribe to get up against. Ring anybody up on the phone and central says XYZ-00 does not answer—out joyriding, most likely. All the stores were closed and the proprietors and clerks were all off on a picnic, or taking a rest at home. Everybody was away somewhere, so the police had nobody to arrest, and the police judge was not in to fine them

if they had. Nobody was at home to get sick, so the doctors didn't know anything, and as the courts were closed the lawyers knew the same. However, all the news possible was secured, and is presented herewith hot off the griddle.

NOTHING BIG ABOUT THIS

The following joke on Rev. Paul Little is going the rounds. He told it on himself, and then Reverend Brown, the evangelist, enlarged upon it: Little is a little man (physically); he has a little wife and a lot of little Littles; also a little salary.

ary, and clings to the theory that "every little bit added to what you have makes just a little bit more."

Philip Angel departed yesterday for the East, where he will put in another year in completing his law course at Harvard University. And then he will take unto himself a wife and hang out his shingle.

Mrs. Henrietta Watkinson, former owner of several large tracts of land subdivided by Burg Bros., and who died recently in the East, left property valued at \$1,250,000, most of it around this bay region. She was a widow.

Take a Kodak With You

Our stores are the recognized headquarters for everything in the Kodak line, including development of the pictures. And speaking of vacations, the man will want some cigars and tobaccos and the lady a couple of boxes of candy, and in both these lines we shine, with best qualities made.

U. S. SENATOR JAMES D. PHELAN

will address the people of Richmond on the live issues of the day at

Lincoln Auditorium
Thursday Evening, Sept. 16, 1920

Senator Phelan is a statesman of recognized ability, an entertaining and forcible speaker. The people of Richmond should avail themselves of this opportunity to hear the greatest man in the west.

MUNICIPAL OWNERSHIP OF RAILWAYS IS DEFEATED BY THE TOLEDO VOTERS

TOLEDO, O., Sept. 10.—The voters of Toledo have for years had the impression the Toledo street railway company was simply the foot-ball of municipal politics—that the city administration did not really desire to settle the problem, but retained it as a successful issue. Many had asserted over and again that business men could settle the street car problem with Henry L. Doherty of New York in 24 hours. So last fall there was general satisfaction when two commissions of business men were named. One commission of seven business men was to draw up with Doherty a cost-plus franchise similar to the Cleveland plan. The other was to draw up the municipal ownership

proposition. They were to report in January. The municipal ownership commission was ready, but the cost-plus body reported it had reached no agreement with Doherty. The city council ordered the municipal ownership plan voted upon August 10th, despite efforts by Doherty to prevent this action. In the meantime Federal Judge Killits had amended and completed the cost-plus ordinance—to which Doherty had not agreed. The business men had left the valuation of the company unfilled in their partially complete ordinance. Experts said the valuation was \$7,100,000; Doherty, \$9,000,000. The judge completed the ordinance by making

it \$8,000,000. He also amended a clause of the city's demand the company sell bonds, even at ten per cent discount, to finance extensions which the city should ask. He made it read the bond sale should be agreed to by both the city and the company. After Doherty finally agreed to the cost-plus franchise, Judge Killits issued his injunction preventing the special August election. Appeal was thrown out by the U. S. circuit court of appeals. With but 40 per cent of the vote cast, the municipal ownership proposal was defeated by 4000 votes. It will be resubmitted at the November election, along with the cost plus franchise.

"The Life Line" A Big Paramount Picture on Today

A thrilling shipwreck and rescue by means of the breeches buoy is the climax of Maurice Tourneur's new Paramount-Artcraft production, "The Life Line," which is at the Richmond theatre today and tomorrow. It was adapted from George R. Sims' famous melodrama of the sea, "The Romany Rye," and is said to tell a smashing story in Mr. Tourneur's well known masterful style. The stage play was first produced in London more than twenty years ago, but like another of Mr. Sims' works, "Lights o' London," it is still fresh in the memory of theatre goers. The story centers around Jack Hearne, the Romany Rye, young, romantic leader of a gypsy band, who is really the heir to Cragston, a fine old English estate now being occupied falsely by his half-brother, Philip Royston. How Jack, with the aid of some characters of the London underworld, regains his inheritance and wins the love of the faithful Ruth, forms the theme of the picture. A brilliant hunt, in which scores of lords and ladies take part, a thrilling rescue from a burning theatre, and the final episode of the saving of Ruth from a ship being beaten to pieces on the rocks in a storm are the high spots of the picture. On the same bill is a Vitaphone comedy, Ford News and Select news.

Methodists of State to Convene City Oakland

Next Sunday being the last Sabbath before the annual California conference convenes in Oakland, the members and friends of the Wesleyan Methodist church are urged to be present at next Sunday morning services at the church, as all the other churches will hold their respective services. Dr. Little is to be one of the three speakers, including Bishop A. W. Leonard, at the annual anniversary banquet of the veterans, next Thursday evening.

COUNTY DIVISION GROWS

(Continued From Page One.)

he making, and is making good. San Francisco and Los Angeles, Sacramento and other cities made a similar move toward consolidation when people said the move was ill-divided. But the result is unquestionably a primary effort to what these cities subsequently accomplished through concentration of effort to work out community problems under one head. This is the need of Richmond.

Martinez, the county seat, some thirty-five miles distant, is too far for economical or practical needs. It covers its field satisfactorily as far as Crockett on the shore line. From Crockett travel and commercial activities trend toward Richmond. This is a reason for making the city and county of Richmond to include the close-up communities from Crockett to the Alameda county line at El Cerrito. Richmond as one-third of the population of the county. The balance is scattered over a large territory. Of the \$68,000,000 in assessed property values for taxation this year, no-half is within the confines of the proposed city and county of Richmond. The heaviest school tax on Richmond's \$24,515,975 high school system is paid by Richmond, likewise the largest grammar school taxes.

The highway bonds drawing against the tax rate heavily covers the major part of the county highway system between Crockett and the upper line of the county. Richmond is called upon to pay interest and a sinking fund tax rate on miles of scenic drive connecting Crockett with Martinez, while a new highway between Martinez and Pinole via Franklin Canyon is about completed and will be chargeable to the tax funds of the county.

Using the time worn expression, Richmond is paying for Contra Costa county benefits, but in itself deriving but a small proportion. Richmond has one representative on the board of supervisors, who must compete his single vote against four from the upper section of the county—a fact which precludes equity of returns to Richmond interests. The cost of making a city and county of Richmond will be very small, in fact it need not be considered a material, while should the change be made, the tax rate for the new county will be materially reduced and the county benefits equally divided.

There is no effort made to aid in putting Richmond forward, by Martinez or the upper section of the county. Those communities are too busy putting on good things for themselves. They contribute nothing to promotion or advancement of the county's greatest asset—the Richmond harbor—in fact the harbor is too far away for them to see or care much about it—and yet it is declared to be the greatest possibility on the entire bay district insofar as importance as a rail and water terminal is concerned.

I have found in the one day of the beginning of this campaign to make a city and county of Richmond, that the petition to the legislature to legalize the adoption of the new county will receive almost unanimous support. I might say a whirlwind support. In legislation, I have no doubt the Chamber of Commerce of Richmond will see to it that the enactment carries speedily. It is the most important move this city and this section of the county has ever made.

Local Postoffice Reaching Mark of First Class

Richmond came very near getting in the first class postoffice rating in 1920, lacking only about \$1,000 purchase of stamps to have been so rated.

Secretary Wallace of the Chamber of Commerce is pushing on the lines now and will try to get our big industries to help by buying their postage stamps in Richmond instead of San Francisco or elsewhere, where they may maintain offices.

A first class rating will mean a new postoffice building, more employees, better salaries and a far better service to the public generally. Let us all put our shoulders to the wheel now and bring this about.

A number of local citizens took in the state fair at Sacramento yesterday.

SALTS IS FINE FOR KIDNEYS, QUIT MEAT

Flush the Kidneys at once when Back Hurts or Bladder bothers—Meat forms uric acid.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

HON. WARREN G. HARDING

This picture is regarded as one of the most perfect likenesses of the Republican candidate for President yet made. It is a reproduction of an etching by a Chicago artist, who made similar pictures of Theodore Roosevelt, General Pershing, General Foch and other celebrities.

Interest on State Bonds Will Have to be Increased

Plans for the campaign to insure passage of the amendment increasing the interest rate on the state highway bonds were formulated yesterday at a conference at the California State Automobile Association headquarters, between Senator M. B. Johnson, chairman, and Burton A. Towner, secretary, of the Committee of Twenty-one.

County chairmen are being named throughout Northern California, the Automobile Club of Southern California handling the campaign in Southern California. Towne is a director of the California State Automobile Association, who managed the successful campaign to obtain the requisite number of signatures to place the initiative measure on the November ballot. He will also be in charge of the state wide campaign to insure passage of the amendment.

Failure of the amendment means that the \$40,000,000 worth of state highway bonds voted July 1, 1918, to complete the original system and construct some 31 new road projects, cannot be marketed on account of the fact that they bear but 4 1/2 per cent interest, and under the constitution must be sold at par. Unless these bonds can be sold, no funds will be available for highway work, and California's extensive highway construction program must stop till such time in the indefinite future when 4 1/2 per cent state bonds can be sold. The only way continued construction work can be financed is to raise the interest rate on the bonds to a rate not to exceed 6 per cent.

Incorporated in the initiative measure is also a provision whereby after July 1, 1921, the counties will be released of all future interest payments; interest on all highway bonds henceforth to be paid by the state, the same as the principal.

Darkness Works to the Favor of Girls of Norway

Movements of the sun and earth favor young men of Norway and Sweden. Because of short days and early darkness, most of the "doings" of the Young Women's Christian Association in these countries must be joint affairs with the Young Men's Christian Association.

All but a few hours of the 24 are so dark that girls cannot be asked or expected to come to meetings by themselves.

This is the report of Miss Clara Spencer of the Y. W. Overseas Department.

DIRECTORS OF TEMPLE ASSOCIATION ELECTED

The Masonic Temple association has elected the following as directors: W. J. Lane, W. T. Helms, J. E. Bresse, Carl Alexander, A. B. Innis, P. M. Sanford, C. C. Olney, A. D. Jones and H. J. Hill.

ARRESTED FOR DRUNK

Louis Caprano, an Italian, was arrested last night on Standard avenue by the police on a charge of being drunk.

BERKELEY AND ALBANY IN MOVE TO GET WATER SUPPLY

Declaring that Berkeley must act more than a generation. The water shed of Mt. Tamalpais, now partly developed by the Marin municipal water district, can ultimately furnish 30,000,000 gallons a day. The present needs of Marin county are under 5,000,000 gallons a day and Berkeley uses about 4,000,000 gallons. The Calaveras dam of the Spring Valley Water Company, which catches the drainage from the north side of Mt. Hamilton, is also a possibility, and negotiations looking to the utilization of this water have been started with the Spring Valley Water Company and the city of San Francisco, which will probably purchase that water shed in the course of the next few months.

"The immediate thing to be done is to organize the water district, then to elect its trustees, who will make a certificate of recommendations concerning the purchase of the distributing system and of a source of water supply, and recommend a bond issue for the purpose of acquiring them. The bond issue requires a two-third vote to carry."

"It is to be noted that this procedure will not involve the slightest increase in our city tax rate. The interest on the bonds to be voted will be paid out of the receipts for water, and the district will be in the water business as soon as it acquires its distributing system, probably within a year. And it is intended that the district will be self-supporting, and the available data indicate that the water rate will be reduced so that a permanent saving may be effected."

"A majority of the members of the East Bay Water commission recommended the development of the Bel river as a source of water supply for the east bay cities, but did not recommend any form of organization under which the east bay cities could act."

"Since that time I have had a number of conferences with the Mayors and councilmen of the various cities in an endeavor to have them unite with us on the public utility act of 1915, for the formation of a district. The determination of the ultimate source of supply would of course have to be decided by a vote of the people in the district after it became organized."

"My efforts to bring about this organization have been unsuccessful. The other cities do not wish to co-operate at this time, and the city council has, therefore, called a meeting for November 13th, for the purpose of organizing a public utility district with Albany and the unincorporated territory south of Berkeley to the county line."

"The purpose of this district will be to purchase and perfect the existing in an outside source of supplying a distributing system, and to carry it."

"Two are capable of supplying this district alone with water for

Connecticut Man Makes Use of Free Camping Grounds

The free camping grounds established by the city at Ninth and B streets is proving a boon to many tourists and incidentally adding to Richmond's reputation for hospitality.

Among those having cozy camps at the grounds yesterday were Mr. and Mrs. John Hendrickson of Bridgeport, Connecticut. Starting June 2, they have traveled seven thousand miles by auto, and passed through thirteen states. And because the states visited they think California takes the lead in all things.

Mr. Hendrickson said they had a proverbial "hot time" in Kansas, and a few hard pulls in other states. "This place looks good to me," was his comment on Richmond. They will spend the winter here, and say that they will probably make this city their permanent home.

Mr. and Mrs. C. O. Green and son Oscar of Fresno were also at the camp. They have been making an auto tour through the northern part of the state during the hot season, and are on their way home.

BOILS

And High Blood Pressure

Oakland, May 12, 1930
"From boyhood I have suffered from boils due to impure blood. My blood pressure was so high that for a long time I had severe headaches and my body was continually wet with excess perspiration."

"After having been treated by many doctors, finally found one who cut my boils open in a fruitless attempt to cure them. When times, I quit. I then tried a milder remedy in the form of the FONG WAN CHINESE HERB TEA. I took the herb tea faithfully for about three months, during which time my blood was thoroughly cleansed of all impurities. When my blood had thus become pure and rich, my boils automatically disappeared, and my blood pressure also became normal. I therefore no longer suffer from either headache or excess perspiration."

New Industries

With one of the largest and most important industrial enterprises now coming to Richmond with an immense branch factory, another smaller, but also important, about to do likewise, and the harbor work to be undoubtedly recommended, the people of Richmond and all other people have every reason to believe that Richmond real estate will greatly enhance in value from now on. Many anticipate that Richmond will double in size and population within the next five years.

Get your Plates For Auto or You Will Be Pinched

The yellow paper emergency windshield stickers that were issued by the motor vehicle department for motor vehicles during the steel shortage, have all been replaced by the regulation metal license plates and will not be honored after September 13th, 1920.

Motorists, who may claim that they have not received their metal plates, should notify the department, giving their correct address, so that their license may be traced.

Masons of City Make Merry at East Shore Park

The members of the Masonic fraternity of Richmond, as well as their families, were strictly in evidence at East Shore Park yesterday, where they celebrated Admission Day with an all day picnic. It required no grip or passport for admission except a pleasant smile, a hearty appetite, and a desire to be happy and see that everybody else had a good time.

The picnic was given by Alpha Lodge 431 and McKinley Lodge 347. The program consisted of dancing, baseball game, tug of war, and various races, there being no intervals in the fun and jollity.

Factories Ready To Locate Here When Bonds Carry

Three good binged factories are coming to the southern waterfront if the bonds carry, two besides Proctor & Gamble, which is coming in any event, but will not go into details until after election, as some say that sort of thing is just news, and newspaper talk. It is not talk, however, but facts, as in one instance the plans for the buildings have been drawn, and they are big and modern.

ANN AND PHIL
A brave, tender, devoted girl and a smiling, heroic lover are two of the delightful characters in this new story—a sequel to ANN, which starts in The San Francisco Call, Monday, September 13. A chapter every day.

Byron Will Vote Bond for Formation Irrigation District

BYRON, Sept. 9.—An election will be held next Tuesday, September 14, for the purpose of voting \$550,000 in bonds for the Byron-Bethany district. A portion of the money is to be used in the purchase of the plant and equipment of the old company for actual cost amounting to \$265,000, and in extension of the present irrigation and for the purchase of more equipment. The bonds will be sold as the needs for money justify.

It is expected that the bond will have a majority.

SA NOSE TO SHIP GOODS BY WATER

SAN JOSE, Sept. 9.—The first shipment of canned goods out of this valley by water in years will be made Saturday when the new barge line between Aliso and San Francisco will receive a consignment of 8000 cases which will be unloaded from motor-trucks at Alviso. Increase in freight rates, it is said, has made it very profitable to restore south bay freight transportation, which was abandoned many years ago when railroads entered this valley.

OLIVE HOMESTEAD HOLDS A BANQUET

Olive Homestead, B. A. Y., after the regular business meeting last night served a banquet in honor of Mr. and Mrs. R. B. Stanton, who are going to Vallejo to reside. Mr. and Mrs. Stanton have been active members of the order, and the special event given last night was in appreciation of their fidelity.

Can there be romance after marriage? Or does Love die at the altar? Few women tell, Ann Duquain did in a story that thrills and helps. Look for her gripping revelations in her life narrative, "Ann and Phil." The big serial starts in The San Francisco Call, September 13th.

Around Our Town

The officials of the County Christian Endeavor society was held in the Presbyterian Church Wednesday evening, and plans were made for attending the big county convention at Pittsburg on the 25th and 26th insts.

Mrs. Wilson Peak returned yesterday afternoon to her home in Modesto after a visit of two weeks here at the home of her daughter, Mrs. C. W. Warburton. She was accompanied home by her grandson, Gordon Warburton, who will visit there for a time.

M. Emanuel is now vacationing at Berkeley Springs and reveling in the quiet and peace of country life. When he gets back improvements will be the order of the day on the Ellis Landing Co. tract to the south.

No bids have been received by the Board of County Supervisors for the San Pablo school bonds of \$35,000, although they carry six per cent interest. They will be advertised for sale again.

According to a marriage license issued in Oakland, Harold C. Rogers and Altha Shelly, aged respectively 28 and 27, and both of Richmond, have, or intend to take on the joys of wedded existence, and do as other hitched people do.

The many friends of Councilman John Hartnett will be pleased to learn that the doctors now consider him out of danger and his entire recovery from the operation for appendicitis only a matter of time. He had a close call.

FASCINATING ANN
and smiling, heroic Phil. You will find them better than ever in the great new story, ANN and Phil, which starts in The San Francisco Call Monday, September 13. A chapter every day. Order The Call from your newsdealer.

Fast Shore Park was well filled Wednesday night at the big dance given there under the management of L. Quimby, of 1075 Kove. The music furnished by Jack Crow's orchestra was par excellence and everybody enjoyed themselves to the limit. Monster boxes of candy were received as waltzing prizes by Miss Vera Powers and Miss Minnie Kneeland, and partners.

E. J. Crandall has purchased the home property of R. C. Armistead, Eleventh and Barrett, of M. J. Gordon. When that man Crandall is not buying a home place he is scribbling one.

Arthur Baker has purchased the F. R. Bailey property at the southeast corner of Fourteenth and N. Y. The sale was made through the agency of George W. McPherson.

RESOLUTION OF INTENTION NO. 380

At a Resolution of the Council of the City of Richmond, County of Contra Costa, State of California, as follows:

That it is the intention of the Council of the City of Richmond, under the authority granted by the Change of Grade Act of 1909, to change and establish certain curb grades on Bay View Avenue, as follows:

That all curb grades heretofore established on said Bay View Avenue, between the southerly line of said Fifty-fifth Street, and the westerly line of said Fifty-fifth Street, be abandoned.

On the northerly side of said Bay View Avenue:

At the westerly side of Fifty-fifth Street, at an elevation of 48.0 feet; at the easterly side of Fifty-fifth Street, at an elevation of 48.0 feet; at a point 100 feet easterly from the easterly line of Fifty-fifth Street, at an elevation of 48.0 feet; at a point 240 feet easterly from the easterly line of Fifty-fifth Street, at an elevation of 48.0 feet; at a point 480 feet easterly from the easterly line of Fifty-fifth Street, at an elevation of 48.0 feet; at a point 720 feet easterly from the easterly line of Fifty-fifth Street, at an elevation of 48.0 feet; at a point 960 feet easterly from the easterly line of Fifty-fifth Street, at an elevation of 48.0 feet;
